

Water/Wastewater Utilities Use BlackBerry Smartphones For GIS In The Field

Written by TDC Group

20 May 2009

Dayton, OH. May 20, 2009 - Water Utilities Pickup Freeance Mobile for Field Mapping.

Water/wastewater utilities are one of the leading groups of users adopting Freeance Mobile software for ArcGIS Server and BlackBerry. Water and wastewater utilities are discovering time and cost savings in the field by using BlackBerry [smartphones](#) - as a supplement to laptops, to display system maps and acquire numerous types of data. Here are a few of the most recent water/wastewater utilities using Freeance Mobile.

San Diego CA County Water - implementing Freeance Mobile - Basic Edition so managers and supervisors can access live system maps in the field and collect map points with geo-tagged digital photos using cameras built into BlackBerry smartphones.

Mobile AL Area Water and Sewer System - with hundreds of new BlackBerry devices being delivered by Verizon, MAWSS will be using Freeance Mobile - Standard Edition to display its ESRI system maps on the new smartphones.

Tarrant Regional Water District, Fort Worth TX - connecting AT&T BlackBerry smartphones throughout the organization to the ESRI

map services will be an easy and low-cost project for TRWD. Using Freeance Mobile - Basic Edition and [BlackBerry Bold](#) smartphones on the AT&T network, TRWD will be connecting to live ArcGIS Server map services in the field.

The GIS on BlackBerry - Field Services tour continues with a stop at the AWWA conference. The American Water Works Association Annual Conference is June 14-18 in San Diego. Freeance Mobile will be in the BlackBerry Booth #2830. Come, look and see Freeance Mobile in action... and enter to win a new [BlackBerry smartphone](#)..

Freeance Mobile 2.0 for ArcGIS Server 9.3 will be on display in the BlackBerry booth at the 2008 ESRI International User Conference in San Diego, booth #2223.

About Freeance Mobile Software

Freeance Mobile is innovative, easy-to-use location software for efficiently making mobile applications. You can now make your ArcGIS available to anyone, anywhere, anytime. It is hassle-free software for users and IT administrators alike. Designed for the ESRI and BlackBerry environments, Freeance Mobile starting at \$999 for unlimited users and combining off-the-shelf simplicity with the ability to make your own custom applications. Visit www.Freeance.com/mobile for more information.

About TDC Group

TDC Group, Inc. develops the Freeance Web and Freeance Mobile software solutions. The Company serves government, utilities and corporate clients with useful, cost-effective and easy-to-use software that reduces the time and resources needed to deploy enterprise GIS and mobile applications.
